# Letter Quality Printer HR-60

The Brother HR-60 is an outstanding value. This heavy duty printer produces excellent letter quality text, and is compatible with all of the best selling computers and software. With a full range of accessories, the HR-60 provides its user with great flexibility for varied printing needs.

## Drop-in Daisy Wheel:

The Brother HR-60 has a wide range of daisy wheels to choose from for greater flexibility in printing style. The Brother HR-60 uses Xerox®/Diablo® 635 compatible daisy wheels. These durable plastic daisy wheels are encoded to interpret font, pitch and language automatically.

## Data Processing:

The Brother HR-60 prints spreadsheets and mailing labels smoothly with its optional bi-directional forms tractor (TF-600).

## Word Processing:

The Brother HR-60 handles all your word processing applications with either a single bin sheet feeder (CF-600) or a dual bin sheet feeder (CF-610).

The Brother HR-60 can even print multi-page documents and envelopes using its optional dual bin sheet/envelope feeder (CF-620).
